## **Namba Gear Releases Kava Laptop Studio Bag** High Performance Bags for Musicians and DJ's

**March 18, 2008**

Southern California based Namba Gear has just announced their debut offering of high performance bags, backpacks and accessories for musicians and dj's. The Kava Laptop Studio Bag is a vertical-style messenger bag that is designed to hold up to a 17" laptop computer. The bag is also equipped with cable-ties as part of an integrated cable management system and contains a secret stash pocket. The Kava bag is available in three musician-friendly colors: Mayan brown with blue interior, charcoal grey with red interior, and olive green with bronze interior.

Other features of the Kava bag include: holds 12" vinyls and audio devices; convenient carry handle; extra thick padding; adjustable shoulder strap. Namba Gear has also partnered with Broadjam and offers a free one year membership to the musician's online community, along with other valuable offers, upon product registration.

**\$99.95 msrp**
